

FLORENCE AFOLABI

072 889 6957 | florence.afolabi@gmail.com | Gothenburg, Sweden | florenceafo.github.io

Finance professional with 3+ years of data analysis experience, focusing on budgeting, forecasting, costing and reporting. Now based in Gothenburg and currently studying programming and Swedish. Available to start immediately.

PROJECTS

Savings Calculator

- A web app that calculates the date a user will reach their savings goal.

Random Word Generator

- A website that pulls a word at random from a list. I created it to help me learn Swedish.

WORK EXPERIENCE

Leasehold Finance Officer | London Borough of Camden, UK

June 2015 - December 2017

- Prepared revenue accounts to recover service charges from leaseholders.
- Analysed costs and budgets to allow the Council to recharge certain services for the first time, increasing revenue.
- Provided insight to senior management on the implications on potential new contracts representing £1. 3M income.
- Identified areas for improvement and remedied the workflow with new processes.
- Built and maintained reports.

Charges Control Officer | London Borough of Camden, UK

November 2014 – June 2015

- Designed and executed models to predict patterns with heat usage to accurately forecast charges.

Accountancy Assistant | London Borough of Camden, UK

May 2014 – November 2014

- Coordinated payments into rent accounts. Reconciled refunds and recalculated charges as needed.

Administrative Assistant | City of Westminster College, UK

August 2012 – May 2014

- Developed new processes for more efficient recovery of instalment payments.
- Interpreted trends to reduce amounts outstanding with a change in policy the following financial year.
